

# Community Visions for a Healthier Nashville

“I grew up here and have been so happy to witness Nashville move in a healthier direction – it gives me hope that this truly is the best place to raise my family.”

“A place where the healthy choice is not only the easy choice but also the one that’s considered first by all of our citizens.”

“Development that promotes community and connecting.”

“Less smoking – the smoke and litter affects everyone.”

“A place of pride for all communities – with no exception – regardless of zip code.”

“Full-term healthy babies born into healthy families in a safe neighborhood.”

“Everybody living in Nashville should live in healthy conditions.”

“Plant trees.”

**“A healthy Nashville is one I can grow old in!”**

“...Also, better apartment and houses in the inner city areas that are also affordable.”

“A healthy Nashville is a city which provides equal opportunity for all to be mentally and physically well.”

“Walking anywhere most anytime without fearing for safety.”

“A place where people can access healthy food, education on living healthier lives, and the ability to add physical activity to their day without having to drive to a gym or park.”

“More babies breastfeeding!”

“Stable family structure that supports kids.”

“A balanced development of communities, i.e. Schools, affordable housing, business.”

“Opportunities for all Nashvillians to live, work, and play so it feeds their soul.”

“A pedestrian and bike-friendly city!”

“Clean air, clean streets and safe places to walk with a destination (shops, parks, etc.).”
